

Pre-K Summer Packet

Pre-K Summer Packet Activities for the Summer Months

For children entering into Pre-Kindergarten

Reminder: All three projects/activities are to be completed.

Mathematics

Activity: Make a counting books with stickers

Choose stickers that will appeal to your child (Barbie, Princess, Disney, Paw Patrol, Super Heroes, trains, horses, beach ball, etc.) Staple pieces of copy paper (8.5 x 11) together and label each page with a number. Have your child stick the correct amount of stickers on each page of the book. You could label the cover of the book...*My Counting Book* and have your child write his/her name on the front cover of the book.

Art

Have your child choose his/her favorite color and find pictures of objects in that specific color. (Choose only one color) Using an 11 x 14 inch poster board (an original size poster board (22 x 28) that is to be cut in half) glue the pictures on the poster board and bring it to school during the first two days. Their color board will be placed on display in the classroom for all to see and refer to.

Name Writing Activity

Using the template we have provided for your child, please practice name writing being sure to use only a capital letter for the first letter of your child's name. If your child is using all capitals, please try to help them to unlearn this practice and only use a capital letter for the first letter and lower case letters are to follow. Your child should attempt to write his/her name as least once a day if possible.
